

The majority of the people in the United States have been tormented by telemarketers for many years. Instead of allowing the calls to recommence, I think that the Federal Government should not allow them to be made anywhere in the United States. This is, however a "free" country. I know as an American I must obey the law. But, why should I have to be tormented every day by unwanted telemarketing phone calls. PLEASE.... PLEASE... DO NOT ALLOW THE HARRASSMENT TO BEGIN AGAIN. If the law for Indiana is reversed, I myself personally will have my phone disconnected and utilize other resourses for my internet and phone services. Thank You.
